

GCHS REMOTE LEARNING PLAN

for Families

- We will **continue to follow the blue/white schedule** as if we were physically in the building. The following will be our **default schedule** unless other communication is shared.

Periods 1 & 2	8:00 - 9:30
Periods 3 & 4	9:40 - 11:10
Lunch	11:10 - 11:50
Periods 5 & 6	11:50 - 1:20
Periods 7 & 8	1:30 - 3:00

- All students **MUST complete** the **Attendance Google Form** every day in order to be counted present. Continue to call in absences. Absences need to be reported to the attendance line for GCHS if your child is not able to attend virtually. Students will be accountable and need to be present for his or her class schedule throughout the day.
- Students will access their course materials through each course's learning management system, **Google Classroom or itsLearning**, to accomplish daily objectives and master content standards.
- Our teachers will be providing direct instruction through **various methods, including recorded videos**. These will be posted during the prescribed class times, and teachers will be dedicated to the corresponding block on that day.
- The academic work assigned by teachers is **REQUIRED**. **Poor performance will impact the grade earned and GPA**. Assigned work carries the same weight as if we were in the building, so this is **NOT** the remote learning experience from last Spring.
- Daily checks for understanding** will be expected by our teachers. This could be done in many different ways, but we will still have a daily expectation of academic engagement in our classes.
- Any form of academic dishonesty is not condoned**. Evidence of this could result in a zero for the assignment or even loss of credit.
- Parents and students should access **Skyward** to stay current on class information (assignments, recent scores, and missing assignments) and attendance records.
- Communication** is essential to the success of this format of learning. Please use email efficiently and appropriately to accomplish class objectives.
- Should you have a problem with your school issued device please use this email techteam@greensburg.k12.in.us If email is unavailable, please call the high school front office.
- We will use our website, our Twitter account @GCHSPirates, and our school messenger system to communicate updates to our stakeholders.
